PROCEDURAL HISTORY

On November 20, 2020, November 24, 2020, December 15, 2020, and March 9, 2021, Staff of the Illinois Commerce Commission (the Commission), the Illinois Department of Transportation (the Department or IDOT), McLean County Highway Department (the County), and Toledo, Peoria and Western Railway Corp. (the Company) respectively, executed Stipulated Agreement 2066 according to the provisions of Section 18c-7401 of the Illinois Commercial Transportation Law. The Stipulated Agreement, which is appended hereto, provides for safety improvements by installing new automatic warning devices at the 2480E Road highway-rail grade crossing of the Toledo, Peoria and Western Railway's track near Meadows, McLean County, Illinois, designated as crossing AAR/DOT #802013S, railroad milepost 66.69.

FINDINGS AND ORDERING PARAGRAPHS

The Commission, having given due consideration to the Stipulated Agreement, finds that:

- (1) The Commission has jurisdiction over the parties and the subject matter of this proceeding;
- (2) The physical characteristics of the subject highway - railroad grade crossing, rail and highway volumes and speeds are indicated on Exhibit A of the Stipulated Agreement, appended hereto;
- (3) The parties agree that in the interest of public safety the improvements as set forth in Section 2 of the Stipulated Agreement, appended hereto, should be performed;

- (4) The cost for the proposed improvements should be divided among the parties and the Grade Crossing Protection Fund of the Motor Fuel Tax Law, in accordance with the Law;
- (5) It is fair and reasonable that the Secretary of the Illinois Department of Transportation through the Grade Crossing Protection Fund of the Motor Fuel Tax Law, and the Company, each, be directed to pay their respective portions of the actual cost of the proposed improvements as set forth in Section 5 of the Stipulated Agreement, appended hereto;
- (6) 625 ILCS 5/18c-1701 and 1704 require each “person”, as defined by Section 18c-1104, to comply with every regulation or order of the Commission. These sections further provide that any person who fails to comply with a Commission regulation or order shall forfeit to the state not more than \$1,000 for each such failure, with each day’s continuance of the violation being considered a separate offense. While the Commission expects all parties to comply with this Order in all matters addressed herein and in a timely manner, the Commission advises that any failure to comply may result in the assessment of such sanctions;
- (7) Any person making a Request for an Extension of Time up to 30 days to complete a project ordered by the Commission must file a request with the Director of Processing and Information no later than 14 days in advance of the scheduled deadline. An Administrative Law Judge will consider and decide the request;
- (8) Any person making a Request for an Extension of Time that exceeds 30 days must file a Petition for Supplemental Order with the Director of Processing and Information no later than 21 days in advance of the scheduled deadline. The Commission will decide Petitions for Supplemental Orders;
- (9) Requests for Extension of Time and Petitions for Supplemental Orders must include the reason(s) the additional time is needed to complete the work and the time within which the project will be completed. Prior to submitting a Request for Extension of Time or a Petition for Supplemental Order, the person must notify the Commission’s Rail Safety Program Administrator that it is unable to complete the project within the ordered timeframe;
- (10) The Commission or its Administrative Law Judge reserves the right to deny Petitions for Supplemental Orders and Requests for Extension of Time, if the reason(s) supporting the request is (are) insufficient or where it appears the person has not made a good faith effort to complete the project within the allotted time. Failure of the Commission or Administrative Law Judge to act on a pleading prior to the deadline means the originally ordered completion date remains in effect.
